Notes:

- * 1/2" Heat pump connections use a 1/2" MPT X 3/4" FPT brass adapter (PN4489) since 1/2" heat pump elbows do not exist
- * 1/2" Heat pump connectins that use a "W" or "U" in digit 9 utilize a 1/2" MPT X 1" Swivel fitting, and do not require the PN 4489, 1/2" MPT X 3/4" FPT brass adapter
- ** MPT X FPT HP elbows with PT ports are only available in 3 sizes; 1", 1-1/4", and 2". Any other size will require a swivel union to transition from the heat pump to the elbow
- *** Additional set of swivel fittings when not included in other connections
